Ministry Updates | Review from the States | Prayer Requests

R4L

While we were in the USA, Jossefa lead a conference in Chibuto and Guyane. The picture below is from his time in Chibuto. We are preparing for R4L seminars in the province of Tete, Sofala, and Zambezia. He continues work in Gaza and Maputo as well as working in the prisons. (He is now ministering to those officials that complicated our immigration process in Mozambique last January.)

Trip to the States!

What a blessing it was to visit with many of you in May and June. We enjoyed our time with family and friends. The banquet was attended by more than 100 people from Indiana and Michigan. It was a great time to connect with supporters and family. We did something different this year — we had you write down those “crazy” questions you never wanted to ask a missionary in public but always wanted to know. We laughed and cried as we shared together. Thank you for making our time special. The children enjoyed connecting with Papa and Grandma and getting to know all their cousins and family in America.

While in the States we were able to raise the cost of our plane tickets as well as pay off the remaining amount on the Kombi. For that we are very grateful. Upon our return to Africa, we we are going to need to replace our bakkie within the next right vehicle to be made available.

Sparrows

The children at Sparrows continue with school. We have not started the needed

were met with the reality that year. Please pray with us for the

Prayer Requests

- Visa Process - The cost of residency in Mozambique has tripled in one year. As well as we need a breakthrough in Israel and Rachel's process for South Africa.
- Israel and Rachel will be returning to school. Rachel has been accepted into the Graduate program at SEU to study International Community Development. Israel is planning to study Education and Business Leadership. We need God's wisdom as we step into this new arena.
- Adjustment back to life in Tarka after our time in the USA. The children will continue in School in Tarka as we continue ministry work in Xai Xai and Tarka.
- Wisdom – We need God's wisdom as we lead projects in Mozambique and South Africa as well as to raise our children and lead the family.

Sewing Classes

Thank you to those who supported the Fidel Castro Wesleyan Church ladies. They were very excited to receive their money from the bags which were sold in the States. Pray for them as they have experienced flooding in their garden areas which has not allowed them to plant since January.

Rbandzanani

This month, we have started restructuring the school. Many parents are not paying school fees and the cost of transport continues to increase. We will be using the next few months to refocus the school to meet the community needs while reducing the monthly cost of the school.

Bible School

At the end of July and beginning August, we taught classes at the Bible School. HIV/Aids & Medical Ethics with lessons on Community Development are always met with dramas and extra smiles as we share together of what is taking place in our communities. Music in the Church will also be concluded this month with exposure to music from around the world and the history of music in the church.

P.O. Box 506; Shirley, IN 47384
